

A Total Approach to Health and Wellness

## Wanting a Change in 2016?

Optimum Wellness Centres (OWC) is reaching out to see if you may be interested in getting to know us. We have a team of over 25 local chiropractors whom work collaboratively (with physiotherapist, acupuncturists, naturopaths, psychologists, and massage therapists) to serve Canadians with the best resources available. We have openings for chiropractors in Calgary (and surrounding communities) and welcome you to explore the idea of joining our practice community.

If you have thought about changing your practice location, have been thinking about selling your practice, or want help managing your business, reach out and connect. We want to talk with you about options.

## DOES THIS SOUND FAMILIAR?

*I work all day seeing patients and the end of the day I have no time to do paperwork or spend time managing the day-to-day operations.*

*I am not getting enough time with my family.*

*I spend money on marketing and never seem to get the return I am looking for.*

*I just want to care for people and not have to worry about all the other aspects of business.*

*I haven't been on a holiday with my family in years.*

*I don't take more than a few days off at a time, as I fear my practice will suffer.*

*I have gone through a divorce and had to give up 50% of my practice. I am finding it hard to rebound.*

*I am in debt and want to sell my practice or bring my patient database into a new business model.*

*I am tired of running it all on my own. Business gets lonely as a sole practitioner.*

*I am driven to succeed but I can't figure out how to sustain my ideal practice numbers.*

*I am thinking about retirement but I don't have a plan on how to get out.*
